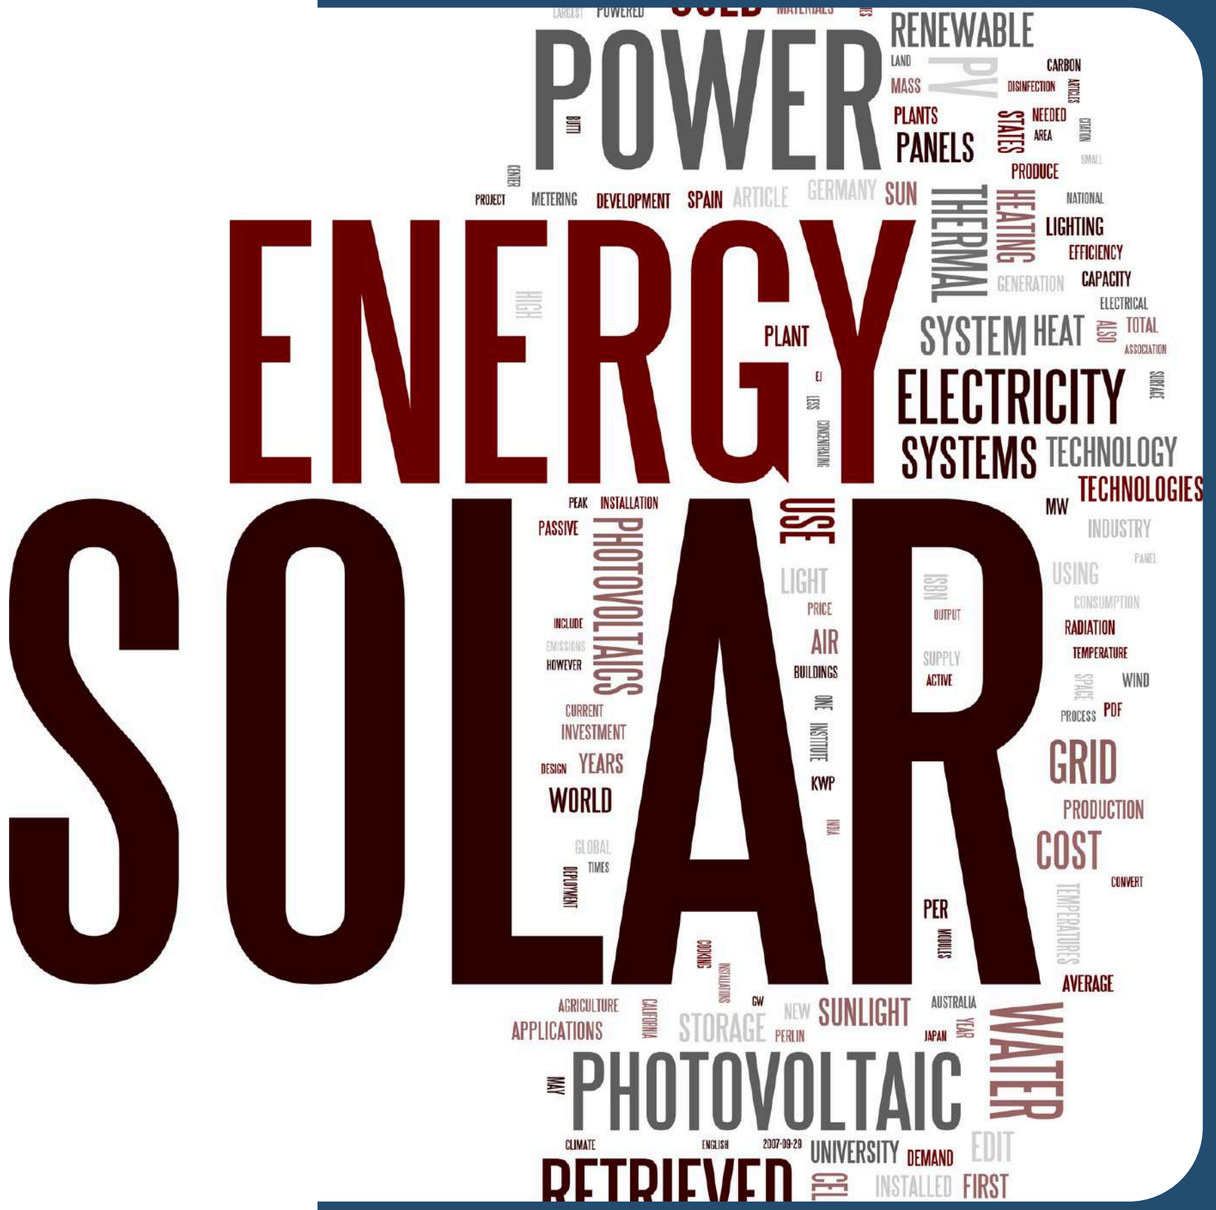
Empowering a Sustainable Future: Unveiling Raysteeds Energy Portfolio

Raysteeds Energy takes pride in its diverse portfolio, encompassing a wide range of solar projects completed on a turnkey basis. With our turnkey approach, Raysteeds Energy takes responsibility for the entire project lifecycle, from initial planning and engineering to procurement, construction, installation, and commissioning. We are committed to delivering high-quality solar projects that contribute to a sustainable and greener future.

In this presentation, we will showcase some of our most important and notable solar projects. These projects represent the breadth and depth of our experience and expertise in the renewable energy sector. Each project has been carefully selected to highlight our commitment to delivering high-quality solar solutions and our contribution to a sustainable future

Reduction of CO_2 emission per 1 kWh of solar power = 0.8 kg of CO_2
Equivalent to Plantation of 500 Trees in 30 Year



Summary of Raysteeds Projects Portfolio as on March 2025

Ground Mount Solar Power Plant

- Total Project Capacity: 4390 KW
- Total No. Of Project: 18
- Reduction of CO_2 Emission: 3512Kg
  Equivalent to: 21.9 Lac Trees in 30 Year

Solar Power Plant for Commercial & Industry

- Total Project Capacity: 708 KW
- Total No. Of Project: 39
- Reduction of CO_2 Emission: 567 Kg
  Equivalent to: 3.5 Lac Trees in 30 Year

Rooftop Grid Connected Solar Power Plant

- Total Project Capacity: 1699 KW
- Total No. Of Project: 487
- Reduction of CO_2 Emission: 1359Kg
  Equivalent to: 8.4 Lac Trees in 25 Year

Solar Street Lights

- Total Number of Solar Lights: 2000+
- Total No. Of Project: 150+
- Total Number of Village Enlighten from solar Energy: 134

Rooftop Solar Off grid Power Plant

- Total Project Capacity: 460 KW
- Total No. Of Project: 161
- Reduction of CO_2 Emission: 368 Kg
  Equivalent to: 2.3 Lac Trees in 30 Year

Ground Mount Solar Power Plant

- Total Project Capacity: 4390 KW
- Total No. Of Project: 18
- Reduction of CO_2 Emission: 3512 Kg
  Equivalent to: 21.9 Lac Trees in 30 Year

Delivering Excellence for Sustainable Future!

Grid Connected Ground Mounted Solar Power Plant
Project Size: 500 KW
